

Justification for Sole Source

*For Services ≥\$50,000, submit with
Independent Contractor/Consultant Request Form*

Prior to hiring a contractor or subcontractor (hereinafter collectively, “contractor”) who will provide services totaling Fifty Thousand Dollars (\$50,000) or more, University Enterprises, Inc. (UEI) [Policy 2025](#) requires that you obtain three price quotes via phone call, email, or correspondence for the work and that you select the vendor/supplier (“supplier”) that submitted the lowest responsive price quote **unless** you conclude that only one supplier can fulfill the service request after having conducted a reasonable search that is free from favoritism or preference. Please note that none of the following reasons justify a sole source procurement:

- Convenience
- A belief that a specific supplier has “more experience” than other suppliers
- A personal relationship with a supplier
- A favorable prior engagement with a specific supplier
- A belief that a specific supplier’s location or familiarity with a geographic area renders it more desirable than other suppliers, or
- A belief that anyone other than a specific supplier would experience a “learning curve” in supplying the needed goods or services

No contractor shall begin work until approved by UEI as having been selected in compliance with UEI Policy 2025. UEI shall not be responsible to pay for work performed prior to approval by UEI of the selection of the contractor. UEI requires that you provide the information below. For a sole source justification, please answer the questions below, sign this form, and submit it to UEI for consideration. UEI will consider this information and let you know whether your sole source justification is approved.
